

# Delta Sit / Stand Desks

**Delta sit / stand desks are designed towards more humans-centered and creative workspaces.**

Manufactured in Denmark, Delta desks convey the Scandinavian know-how when it comes to match function and design. The desks are designed with an electrical height adjustment, that is quick and silent.

The lift engines are made by the world leader Linak, renowned for the quality of its products. On Delta we use high quality table tops, both thin and solid (22mm medium), with rounded edge profile and elegant finishings.
